

## DOCTOR WHO

### 2023 Specials

To celebrate the 60<sup>th</sup> Anniversary of *Doctor Who*, the BBC has gifted fans with three specials featuring the Fourteenth Doctor: David Tennant! Our *Doctor Who* super fans discuss these episodes, and how they bridge Jodie Whittaker's Doctor to the new Ncuti Gatwa's Fifteenth Doctor!

### Welcome Ncuti Gatwa!!

Many fans anticipate and try to predict who the next Doctor will be. Well, for fans of the Netflix show *Sex Education*, the announcement of the new Doctor was a great surprise! What do we want to see in Ncuti's version of the Doctor, along with his companion Ruby Sunday, played by Millie Gibson.

### *Doctor Who: The Curse of the Fatal Death* 25<sup>th</sup> Anniversary

This Red Nose Day Special first aired in four parts on March 12, 1999. This light-hearted special featured Rowan Atkinson, Richard E. Grant, Jim Broadbent, Hugh Grant, and Joanna Lumley all as incarnations of the Doctor. Does it hold up 25 years later?

### 40<sup>th</sup> Anniversary of The Caves of Androzani

This coming March marks the 40<sup>th</sup> anniversary of The Caves of Androzani. The end of the fourth episode introduces Colin Baker as the Sixth Doctor. Let's discuss our favorite parts!

### *The Five(ish) Doctors Reboot*

This 2013 spoof written and directed by Peter Davison features a slew of actors, voice actors, family members and friends, and behind the scenes staff from the *Doctor Who* universe. A veritable treat for fans.

### Another Ten Years?

As we reach *Doctor Who*'s 60<sup>th</sup> Anniversary, what do we hope for in the future? What will the 70<sup>th</sup> anniversary look like? Come and share your hopes and dreams for future seasons.

### Seventh Doctor 101

We are excited to welcome Sylvester McCoy to this year's CONsole Room! If you have not seen any of the Seventh Doctor episodes, join us in this crash course of his episodes.

### The Era of The Professor

Let's revisit the three seasons of Sylvester McCoy's Seventh Doctor.

### The Thirteenth Doctor: A Critique

We can (mostly) agree that the last era of *Doctor Who* doesn't rank among our favorites. Let's discuss what we liked about the era, and what we think could have been done better.

### How to Stream *Doctor Who*: A Guide

The new episodes of *Doctor Who* are only available on the streaming service now called Max. But what if you are a new fan and want to watch previous & classic episodes? Join our panel of experts to find the best way to watch *Doctor Who*!

### ***Doctor Who* Extended Whoniverse**

With so much content to choose from, it can be daunting to explore this universe. Where should you start, what should you avoid, how should you incorporate the novels, audio, spinoffs?

### **Classic Series Blu-rays**

The 5th Doctor's 20th series is the next to be released on Blu-Ray. With featurettes, documentaries, and audio commentaries we're getting a new look at the classics with these Blu-Rays. Is it worth it to get these for your home library?

### ***Doctor Who* Spinoffs**

With talks of a possible upcoming U.N.I.T. spinoff, let's look back at some of our favorite *Doctor Who* spinoffs!

### ***Doctor Who* Musical Episode?**

It seems these days that all sorts of TV shows are including a musical episode. What would a *Doctor Who* musical episode look like?

### **Examination of Robots Throughout *Doctor Who***

For a show that has been going for 60 years we have seen the quality of robots change significantly. Has moving from practical robots to CGI been an improvement? Does CGI lack any authenticity that practical robots gave us?

### ***Doctor Who* Podcasts**

There are innumerable podcasts about the *Doctor Who* universe, some of them even based here locally. Come find out what some of our favorites are!

### **History of *Doctor Who* Magazine**

*Doctor Who Magazine* is the longest running television-based magazine. Join our panelists to find out the importance of the magazine, and how you can get a subscription!

### ***Doctor Who* Lego Sets**

Lego has embraced fandoms over the last couple of decades. The first *Doctor Who* set was released in 2015. What have been our favorite sets to build?

### ***Doctor Who* T-shirts**

Join us for a special edition of Who & Tell! Bring in your *Doctor Who* t-shirt collections (we know you all have one) and share the old, the new, and the obscure!

### **Guest Stars in *Doctor Who***

*Doctor Who* has had many guest stars throughout the years. Some have been easier to pick out, like Carey Mulligan and Olivia Coleman. Let's have a look at the other big name guest stars in *Doctor Who*.

### **Dueting *Doctor Who* Actors**

Billie Piper was a pop artist before becoming a companion, and Bernard Cribbons began his career with the release of novelty albums. What other *Doctor Who* actors can carry a tune?

### **Doctors Outside of *Doctor Who***

*Doctor Who* was a jumping point for many of the actors that have played the Doctor. What other tv and movies do we relate to the various Doctors?

### **Descendants of the Doctors**

Sometimes the acting gene is passed down through generations. Let's have a look at the offspring and other relatives of the actors that have played the Doctor.

### **The Importance of Being Donna**

As we learned long ago, Donna is the most important woman in all of creation, and she and her family have continued to be a part of the Doctor's life. From Wilf aiding the tenth Doctor to Rose joining the fourteenth Doctor it seems to keep coming back to the Nobles. What is it about this family that makes them so important to the Doctor?

### **Bernard Cribbons Memorial**

Bernard Cribbons is a *Doctor Who* actor beloved by both Classic and New Who fans. Let's celebrate his acting (and singing!) legacy bookended by *Doctor Who*.

### **Does the Doctor Have a Favorite Historical Era?**

Elizabethan England? Victorian England? We know the Doctor loves Great Britain. But do they return to one era more than others?

### **Watching *Doctor Who* in Chronological Order**

Many of us have watched the show in order of release. Is there a better way to watch *Doctor Who*? Is it possible to watch in order of the Doctor's chronological timeline?

### **One-Off Episode Writers**

Some of the best *Doctor Who* episodes were written by those who have never written for the show before.

### ***Doctor Who* Reference Books**

So many books, so little time. With choices such as *The Vault*, *The World of Doctor Who*, *The Making of Doctor Who* and many more, which reference book is best for which purpose.

### **What are the Doctors up to Now?**

Well, not the Doctors exactly, but the actors! What roles have we seen them in recently?

### **Lost and Found Episodes**

If you have tried watching classic *Who* in order, you will know that not all the episodes are available. Find out what happened to these episodes and how some of them have been resurrected.

### **Animating Missing Episodes**

For years there have been releases of animated recreations of missing *Doctor Who* episodes. The latest release came in November 2023 with *The Underwater Menace*. What do we think of these recreations, and will they continue?

### **Telesnap Reconstructions**

The BBC has used various means of reconstructing missing episodes from the 1960s, with one of them being telesnap reconstructions. Join us to find out the history of these reconstructions and the reconstructed episodes that we expect to be released in the future.

### ***Doctor Who* Costume Designers**

Whovians love cosplaying various Doctors and companions. Here is a look into the history of costuming in *Doctor Who*, along with some of the costume designers responsible.

### **Award Winners in *Doctor Who***

A look at the actors and behind the scenes creators that have won various Oscars, Emmys, BAFTAs, etc.

### **Pop Music in *Doctor Who***

Popular Music has never been prominent in *Doctor Who*, but can be found in episodes throughout the decades. How many can you remember?

### **Sports in *Doctor Who***

Matt Smith was able to use his football skills in "The Lodger." Where else are sports portrayed in *Doctor Who*?

### **Double Roles in *Doctor Who***

Not only have some actors played multiple roles in the new series (Peter Capaldi first played Lobus Caecilius in "The Fires of Pompeii" before becoming the Doctor), but some have played parts in both classic and new *Who*.

### **Spies in *Doctor Who***

Last year the Doctor visited MI-6 in the two-part episode of "Spyfall". What other episodes feature spies in *Doctor Who*?

### **Villain Tech in *Doctor Who***

From weapons such as the Master's shrink ray to full on robots like the Cleaners in "Paradise Towers", here is a look at all of the villain tech in *Doctor Who*.

### **What Makes a Good Monster?**

Some of the best *Doctor Who* episodes sees the Doctor fighting some creepy alien monster species. But what features make a monster creepy? Is it the voice? The eyes? The scaly skin? Let's discuss the features of some of the scariest monsters on *Doctor Who*.

### **Doctor WHORror**

Historically one of the hottest panels at CONsole Room, this panel goes deep into the horrifying scenes of *Doctor Who*, and beyond. Bring your favorite beverage and join in the discussion.

### **Genetics of Doctor Who**

Could a gene mutation allow humans to regenerate like Time Lords? Could the genes of fictional alien species allow them to have a better chance of survival than humans? Join our panelists in this fun science discussion around everything genetics!

### **Planets in Doctor Who**

NASA confirms '*Doctor Who*-type world, Gallifrey'. Can the Moon be killed? Are the Ice Warriors really from Mars? Where else other than Venus could Venusian Aikido have come from?

### **To CGI or Not to CGI?**

"Improving" Classic *Who* stories with new CGI/updated effects is not a new concept, but it is getting more attention with the Blu-ray releases. What do you think of this practice? Is it a nice-to-have extra? A must-have to get Modern *Who*-only fans on board? Or is it unforgivable to even think of replacing our favorite wobbly sets with new-fangled effects?

### **Truth or Consequences**

The Doctor is known as a rogue Time Lord. Sometimes he is held accountable for his actions (i.e. "Trial of a Time Lord"). How soon do we expect to see the Doctor face a trial again?

### **Real World Applications of Doctor Who**

Life imitates art. We can't hitch a ride in a TARDIS (yet), but what other concepts can we take away from the show?

### **Doctor Who Audios**

This panel will go beyond the realm of Big Finish audios. What audio stories are out there and where can you get them?

### **Sonics 'R Us**

Each Doctor has their own sonic and they use them in different ways. Let's discuss the many uses of the sonic and how the Doctor uses theirs differently than the Master.

### **Would You Like a Jelly Baby?**

TV and movies can launch certain foods and candies into pop culture (i.e. Reese's Pieces in E.T.). What foods have appeared throughout the decades in *Doctor Who*?

## BRIT TV

### ***The Hobbit* and its Adaptations**

Our guest of honor Sylvester McCoy appeared as Radagast in all *The Hobbit* trilogy movies. What other tv and movie adaptations of the novel have there been?

### ***Ghosts*: UK vs US**

As with many great series, *Ghosts* premiered in the UK in 2019 before getting a US version in 2021. Have you watched both versions? Do you have a favorite? Join in on the discussion!

### ***Good Omens* Season 2**

It took over twenty years for a television version of *Good Omens* to come into fruition. Fans loved the adaptation with David Tennant and Michael Sheen so much, the studio made a second season that surpassed the graphic novel. Was it as good as we hoped for?

### ***Horrible Histories***

This British children's live-action historical and musical sketch comedy earned critical success in its initial run. It was rebooted in 2015, and has also been spun into a game show. Let's talk about the enduring quality of this show and where we hope to see it go in the future.

### ***Queer as Folk***

Before the Showtime recreation, Russell T. Davies created and wrote the original 1999 British television show *Queer as Folk*. Does the reboot do the original justice, or should Hollywood just leave the classics alone?

### ***Out of the Unknown***

*Out of the Unknown* was a British Sci-Fi anthology drama series that aired from 1965-1971. Join our panelists to learn more about this series and how you can watch the show now.

### **BBC Sci-Fi in the 1980s: The End of an Era**

Science fiction popularity started declining in the late-1980s, leading to the cancellation of the classic *Doctor Who* series in 1989. As fans of the genre, what other British sc-fi shows were we watching at the time?

### **British Recreations of American TV Shows**

The list of American TV shows that have been reproduced in Britain is a lot shorter than the reverse. Our panelists will review some of their favorites!

### **British Invasion**

Sometimes we are surprised to learn that some actors playing Americans are from across the pond. Let us discuss our favorite lesser-known British actors that appear in American film and tv.

### **Phoebe Waller-Bridge Fan Panel**

This actor, writer, and producer has become a force of nature in the awards circuit. Here we will review her accomplishments and upcoming projects that she is working on.

### **David Tennant Fan Panel**

We all know David Tennant is one of the most beloved Doctors, but let's discuss some of his other great roles!

### **Gerry Anderson Fan Panel**

This groundbreaking producer, director, writer, voice actor remains famous for his futuristic productions. From his most successful show, *The Thunderbirds*, to his productions featuring supermarionation (marionettes with electric moving parts), what's your favorite?

### **Britbox or Acorn?**

Britbox or Acorn? With so many streaming services it's hard to know which to get. Come and hear the pros and cons of these services and share your own experience.

### **What are we Watching on Britbox & Acorn?**

The easiest way to watch British TV and Movies in America is to subscribe to the British streaming apps Britbox and Acorn. What have our panelists watched lately that have peaked their interest?

## **OTHER TV/MOVIES**

### **Movies Released in 1963**

*Doctor Who* was released in November of 1963. Let's review the most popular movies released in that same year. How many have become great classics?

### **2023 Movies in Review**

Covid is no longer a big threat, but now we have the writers' and actors' strikes! What were our favorite movies (of the first seven months of the year)?

### ***The Hobbit***

In the *Hobbit* movies we see a familiar face, Sylvester McCoy, aka the Doctor, playing Radagast the wizard. While this casting was great, not everyone was a fan of the adaptation of the *Hobbit*. Come discuss what you thought about this trilogy.

### **Star Trek +**

With *Star Trek Discovery* airing its final season in early 2024 and the writer's strikes delaying content, there may be little new *Trek* content to be seen this year. However, there is a new series coming - *Star Trek: Starfleet Academy*. Come and discuss all things *Trek* for the upcoming year.

### **Star Wars +**

They've announced several new movies coming in the next few years, starting with a film centered around Rey's new Jedi Order. There are also new shows/episodes coming this year including *The Skeleton Crew*, *The Bad Batch*, *Andor* and *The Acolyte*.

### **Geek Fandom Universes: How Far is Too Far?**

Marvel Cinematic Universe. Star Wars Universe. Harry Potter Universe. As fans, we always want more. But can there be too much of a good thing? Have our fandom universes been so diluted that we no longer enjoy them?

### **Disney's Live Action Remakes**

With two more live action remakes set to release this year, let's review how well Disney has done. With twenty already released, we'll have lots to talk about.

### **Lego Cinematic Universe**

The Lego Cinematic Universe started in 2014 and is already planned through 2024. It is more layered than you thought. What have been some of our favorites and what upcoming releases are we excited for?

### ***Foundation and Dune***

These two Science Fiction epic classics got new adaptations on visual media recently (*Foundation* on Apple TV+ and *Dune* in theaters). What did you think of the presentations? Did they convey the essence of the material (even though the materials are 50+ years old)? How was the updating of the stories for modern audiences accomplished, and did they meet expectations while still remaining true to the essence of the stories?

### ***The Last of Us***

This 2023 post-apocalyptic drama based on a video game of the same name arrived on HBO a year ago to critical acclaim. What do we want to see in Season 2?

### ***The Owl House***

This Disney animated fantasy adventure television show has received widespread critical acclaim for its LGBTQ+ representation. The shortened third season was the last because it did not fit the Disney brand. What do we think will become of the future of the show, and what do we want to see next from the show's creator Dana Terrace?

### ***Only Murders in the Building***

This modern murder-mystery show features Steve Martin, Martin Short, and Selena Gomez, all fans of True-Crime Podcasts that live in the same building in New York City. Now in its third season, let's discuss our favorite characters, villains, and episodes!

### ***The Wheel of Time***

Now with season two finally released, what did we think? How does this TV show compare to the epic book series?

### **Running Up That Hill**

*Stranger Things* season 4 had action-packed memorable scenes reminiscent of season 1. What season has been your favorite? What are you looking forward to when season 5 is finally released?

### **Our Flag Means Death**

Season 1 garnered much praise for its comedy and LGBTQIA representation. With season 2 set to air this year, where do we hope the show will take us?

### **What We Do in the Shadows**

This mockumentary comedy series has been running for four seasons to critical acclaim. It was renewed for two more seasons. What makes this such a fan favorite?

### **Schmigadoon!**

For musical theatre lovers, this Apple TV+ spoof of/homage to old musicals was a marvel. All of the musical numbers were original, and many were excellent. Like many musicals the plot was contrived but kept the show moving forward. The cast included many Broadway musical stars and well-known comedians.

### **Krapopolis**

This new show from Dan Harmon aired in November. What do we think of the first season? Does this stand up to other Dan Harmon shows such as *Community* and *Rick and Morty*?

### **Rick and Morty**

With *Rick and Morty*'s 6th season scheduled to be released this summer, let's talk about the absurdity of the series. We'll delve into the balance between elegant science fiction humor and fart jokes, as well as how the writers embrace this absurdism.

### **Bob's Burgers**

From a tv show, to a comic book, to a movie, *Bob's Burgers* has been ranked as one of the 60 greatest TV cartoons of all time. What makes this show so iconic and where will it go from here?

### **Love, Death & Robots**

*Love, Death & Robots* is an adult animated anthology show on Netflix based on the 1981 animated movie *Heavy Metal*. Here is a look at this unique series and what we might expect from the third season.

### **Miracle Workers**

*Miracle Workers* is an anthology comedy TV series starring Daniel Radcliffe and Steve Buscemi. What did we think of the first three seasons, and what stories do we want to see in future seasons?

### **Buffy the Vampire Slayer Universe**

What started out as a movie created by Joss Whedon has developed into an entire universe, including tv shows, books, comics, games, and podcasts. Join our discussion about everything Buffy!

### **Saturday Morning Cartoons from our Childhoods**

There was nothing better than watching Saturday morning cartoons as a child. Let's get nostalgic for the good old days.

### **Toys and Video Games as TV/Movie Inspiration**

*The Last of Us* is a popular tv show inspired by the video game of the same name. With the explosive popularity of the *Barbie* movie, Mattel is planning on making more movies based on their toy lines. What are some of our favorite tv and movies inspired by toys and video games, and what would we like to see in the future?

### **Where to start watching Anime**

Are you interested in Anime but don't know where to start? Our panelists will outline some of their favorites.

### **American Recreations of Anime and Manga**

It has been said that Hollywood can't come up with new ideas. Let's look at the movies and tv shows either directly or loosely based on Anime and Manga.

### **American Recreations of British TV Shows**

It has been said that Hollywood can't come up with new ideas. Let's look at the British television show ideas that have crossed the pond. Which recreations did we like, and which did we prefer the British versions?

### **Missing Episodes in American TV**

We know that the BBC had a dumping policy in the 1970s that was the demise of many *Doctor Who* episodes, but what American shows are missing episodes?

### **Classic TV Shows That Don't Hold Up**

These days shows from our past are so much easier to rewatch. However, sometimes shows that we liked in the past have not aged well. What shows do you think do not deserve a second watch?

### **David Bowie Titles in TV/Movies**

There are a surprising number of movies and television shows that have titles of David Bowie songs. How many can you think of?

### **History of Recasting Primary Characters**

*Doctor Who* is not the only show to recast their primary character. Let's discuss the success and impact of recasting in shows such as *The Witcher*, *James Bond*, *Superman* and of course *Doctor Who*.

## **Remakes & Reimaginings**

Has Hollywood run out of ideas? Does it seem like everything they are creating is a remake of an old movie? Do we like the remakes or do we wish they would leave the classics alone?

## **How Have Streaming Services Affected Modern-day Television**

Long gone are the days of the twenty-three-episode American television show. How has the introduction of streaming services affected prime time television? Do we think that this progress has had a positive or negative impact on creativity?

## **Continuity Wars**

Many movies and tv shows have been adapted from novels, short stories, and graphic novels. Let us discuss those that we think were done well, and those that missed the mark.

## **Free Streaming Services**

So many streaming services, so little time. How do you choose? Are there any free streaming services that you have used and would recommend?

## **Felicia Day Fan Panel**

Felicia Day is everyone's favorite geek. She has been in so many great sci-fi shows, and on top of that she is an accomplished writer and producer. Here is a look at her extensive (and geeky) career!

## **DC vs. Marvel Comics**

In 1996 DC Comics and Marvel Comics released four crossover issues pitting superheroes against each other. If this were to be recreated, who would we want to win?

## **Slash Fiction**

With fan fiction a story can be whatever you want it to be. Let's discuss our favorites.

## **WHO IT YOURSELF**

### ***Doctor Who* RPG Games**

Want to learn more about *Doctor Who* Roleplaying games? Are you a veteran player and want to share tips? All are welcome to come and chat about the world of RPG.

### **Doctor Who Magic: The Gathering**

Magic: The Gathering will cross with *Doctor Who* this year! The game is set to span all 60 years including the new Doctor (Ncuti Gatwa). Are you excited to play?!

### **Doctor Who Video Games**

Over the last four decades, there have been at least 19 *Doctor Who* themed video games released. What have been your favorites?

### **Doctor Who Board Games**

From *Doctor Who* versions of the classics (Risk, Monopoly) to new creations (Nemesis, Time of the Daleks), let's discuss our favorite *Doctor Who* related board/card games.

### **Doctor Who Fan Videos**

So many fans have created content to commemorate and be a part of this amazing universe. We'll show you videos, music videos, spoofs and more. If you've created content you'd like to share, bring it along!

### **Whoniverse on Etsy**

Are you looking for that unique fandom find, a gift or something for yourself. Well Etsy has it all. Come get tips on how to find these incredible items to add to your collection.

### **Who & Tell**

Whovians are a crafty bunch. Do you have a project you started during lockdown that you now finally finished and want to share with the fandom? Well, bring it on by and tell us all about it!

### **Dressing the Doctor**

This is a *Doctor Who* convention. What do we like more than cosplaying the Doctor? Share your Doctor cosplays here!

### **Unmasking Doctor Who Monsters**

Do you have a cosplay in mind but do not know how to create the mask? Join our expert panelists to learn how to create the face of The Silence, Silurians, and more.

### **Collecting Enamel Pins**

Enamel pins have been a collectors item for centuries, and there is a long history of *Doctor Who* pins. Come find out some of our favorite and most sought after enamel pins.

### **Crafting Who**

The creativity of the Doctor Who fandom never ceases to impress. Have you made something you want to show off? Do you have an idea and need help on how to execute? Let's talk crafts!

### **Sewing 101**

Curious about creating your own costumes, but don't know how to sew? Join our sewing 101 class to learn the basics!

### **How Do You Do Your 'Do?**

Cosplay is more than just costumes. Here we will discuss wigs and hairstyling.

### **Prosthetics**

Creating and applying prosthetics for your cosplay costume.

### **Prop Shop**

Some cosplay costumes require props. Our panelists will discuss the materials and techniques that are best for forming various props.

### **How to Speak with a British Accent**

Learn some tricks and techniques to speak with a British accent!

### **3D Printing**

3D printers will get more affordable the longer the technology is around. Learn how to work with one and let your imagination soar with what you can create!

### **How to Build Your Own Robot**

Do you want your own K-9? Always yearned for a Dalek of your own? Come and learn what you need to build your own robot and how to use game controllers to move them.

### **How to Cosplay**

Are you new to cosplay and don't know where to start? Have you been cosplaying for years and want to shake things up with some new ideas? Come hear some tips and tricks from veteran cosplayers and share some of your own as well.

### **Geek Health**

Health is so important and can be hard to maintain. How can we stay healthy? Does the geek community have any resources to help us stay healthy?

### **Choose Your Own Adventure Novels**

Have you ever tried a choose your own adventure novel? Well, there are more than 20 *Doctor Who* novels in this genre. Come and hear about these stories and begin your own adventure!

### **Teaching through Role Playing**

Games such as Dungeons and Dragons have taught kids to use their imagination. Teachers and parents can use role playing games like this to help kids exercise and grow their imaginations.

### **Raising the Next Generation of Geeks**

One of the best parts of having children is getting to share the joys that you experienced in your childhood - from movies to television to gaming. What are our favorite fandoms to share with our children, and at what age is it appropriate to start sharing these various fandoms?

### **Naming the Geek Way**

Fun ways to discover, research, and choose the coolest names for your kids, pets, cars, sourdough starters, RPG characters, and more!

### **Building with Lego**

Lego is always releasing new sets for whatever fandom is your favorite. What is the best, most impressive one you have done? Come get some tips and tricks on building with Lego!

### **Fandom Cookbooks**

So much to cook and so little time. How do you choose the right fandom cookbook? Which are the most screen accurate and which are gimmicks? Do you have a favorite recipe or book you'd recommend?

### **Gardening & Harvesting Your Own Tea**

While you are unlikely to be able to grow traditional tea plants in Minnesota, you can grow many plants that are used in teas such as mint, lemon balm, rose hips, etc. Come learn the tricks of making your own tea.

### **Geeky Themed Tea Companies**

From Tea & Absinthe to Geek+Tea, there are so many fandom teas to choose from these days. Which are the best? Where can you get them? Come and get the full 'scoop' of tea.

### **First Timer's Guide to CONsole Room**

We may be a small convention, but there is so much to see and do at CONsole Room! Join our panelists as they share must-see highlights of the weekend, and other recommendations for all ages!

### **History of CONsole Room/Shared Stories of CONsole Room**

For 10 years we have been bringing the Twin Cities *Doctor Who* fandom together for a weekend of fun, friends (old and new) and lots of *Doctor Who*. Come and hear or share stories from our previous conventions.

### **How to be a Panelist**

Do you love talking about *Doctor Who*? We at CONsole Room invite anyone interested to join our team of panelists. If you have never been a panelist before, stop by and ask your questions.

### **We Need You!**

CONsole Room is a non-profit organization run entirely by volunteers – this could not happen without you! Join us to learn about volunteer opportunities from one hour to year-round ConCom.

### **What Did We Miss This Year?**

CONsole Room is a convention run by fans, for the fans. We work hard to bring you the best programming every year. Is there something we missed? Let us know what you would like to see next year!

## **SCIENCE**

### **Space Tourism**

Space tourism used to be a case of science fiction, but now it is science fact. Let's look at the history of space tourism, and where we see it going in the next ten to twenty years.

### **WonderWorks Theme Parks**

Wonderworks is a chain of science focused indoor theme parks with six locations. Children and adults alike can enjoy over 100 exciting hands-on exhibits.

### **Futuristic Tech in Sci-Fi**

At one point, the idea of having a portable computer the size of your hand was only a work of fiction. Now, almost every adult on the planet owns a mobile phone. What technology found in science fiction stories will we see within the next decade, and what other technology would we love to own?

### **Mars Habitat Project**

In the Fall of 2022, NASA started its series of missions, called CHAPEA, that will simulate year-long stays on Mars. These missions will give important insight and knowledge into future NASA missions to Mars.

## **INTERACTIVE/EVENTS**

### **Ukraine: How Can We Help?**

The war in Ukraine has been going on for two long years now. The Ukrainian government continues to get aid from all over the world, but they still need every last donation they can get. Come find out what you can do to help Ukraine win the war against Russia.

### **Real or Fake**

Game Time! Panelists who have not watched any episodes of classic Who will be given an episode plot. The panelists will have to determine if the plot is from an actual episode, or if it is made up.

### **Fan Feud**

Game Time! Groups of attendees will face off in our own CONsole Room version of *Family Feud*.

### **Would I Lie to You?**

Game Time! Groups of attendees will face off in our own CONsole Room version of the British game show *Would I Lie to You?*.

### **Six Degrees of the Doctor**

Great Britain has a limited number of actors. During this game, attendees will be randomly given an actor that they will have to link to one of the actors that have played the Doctor within six degrees. Are you up for the challenge?

### **Role Swaps**

What if Nebula traveled with the Doctor? What if Crowley was a Time Lord? The possibilities are endless when you play this game of swapping characters that *Doctor Who* actors have played.

**What is the Best Superpower**

Flying, Invisibility, X-ray Vision. If you could choose, what would be your superpower?

**Knitting Workshop**

Sit, knit, and be merry! Join a group of like-minded *Doctor Who* knitters as we gather together to work on current projects and chat about our favorite show, while we put yarn to needles. We will have expert help for first time knitters. Perfect for the experienced knitter or beginners who want to learn.
